Members will have to attend a Sexual Harassment Training s mandated by law.

The Chairman stated that his objective is for the Planning Board to help the Village grow; he would like this Board to be familiar with the Village's Comprehensive and Community Revitalization Plan so that moving forward recommendations can be made to the Board of Trustees. The documents can be revised at a later date.

The Board discussed the driving force that motivates businesses and the need to develop a plan and strategy.

Also discussed was possibly holding hearings and developing a survey to send out to the general public.

Looking into utilizing Claritas Data Services was suggested.

Liz Kormos, 89 Hyde Blvd., noted she has used Claritas Data Services and can do an update for the Board.

Chairman O'Connor agrees as long as there's no cost to the Village.

The Chairman noted that real estate conditions are changing; the more information this Board has, the better.

Chairman O'Connor stated that the Business and Professional Association has implemented a lot of changes in the Village and this Board can do more.
